NO NEED TO COMPLETE THIS SLIDE. THIS IS COVERED BY YOUR BOOTSTRAP Assignment 3.

7. Usability Metrics

LITHAN

Summarize your Task 4 here showing the metrics that you are using for the UX test. More details are from the Metrics pdf.

8. User Interaction Steps

LITHAN

This is from Task 5 of your report. Present them by per scenario.

You may consider presenting both this steps together with the flow chart on the same slide.

9. User Interaction Flowchart

LITHAN

This is task 5 of your report. Present them by per scenario.
This is the flow-chart created using Axure of your pages. Ensure that you follow the Flow-chart notation standard.

10. Current & Desired Usability

LITHAN

You need to state for each metrics the result (ie current) and its desired usability.
For example, average of TOT for all users for Login

- Current (ie your test result) = 20sec
- Desired = 15sec

11. Prototype Screen

LITHAN

Show your prototype screens and the interaction table

- A scenario at a time
- A screen per slide
- Label them

12. Prototype Feedback

LITHAN

This is the feedback as in Task 8 that you gathered from the user.

13. Usability Test

LITHAN

Present your usability test (Task 9) here ie
- Metrics
- Analysis
- Observations
- UI/UX principles
- Recommendation

Use as many slides as you need. Ensure information presented here is readable.
Present scenario by scenario
